

FIG. 1

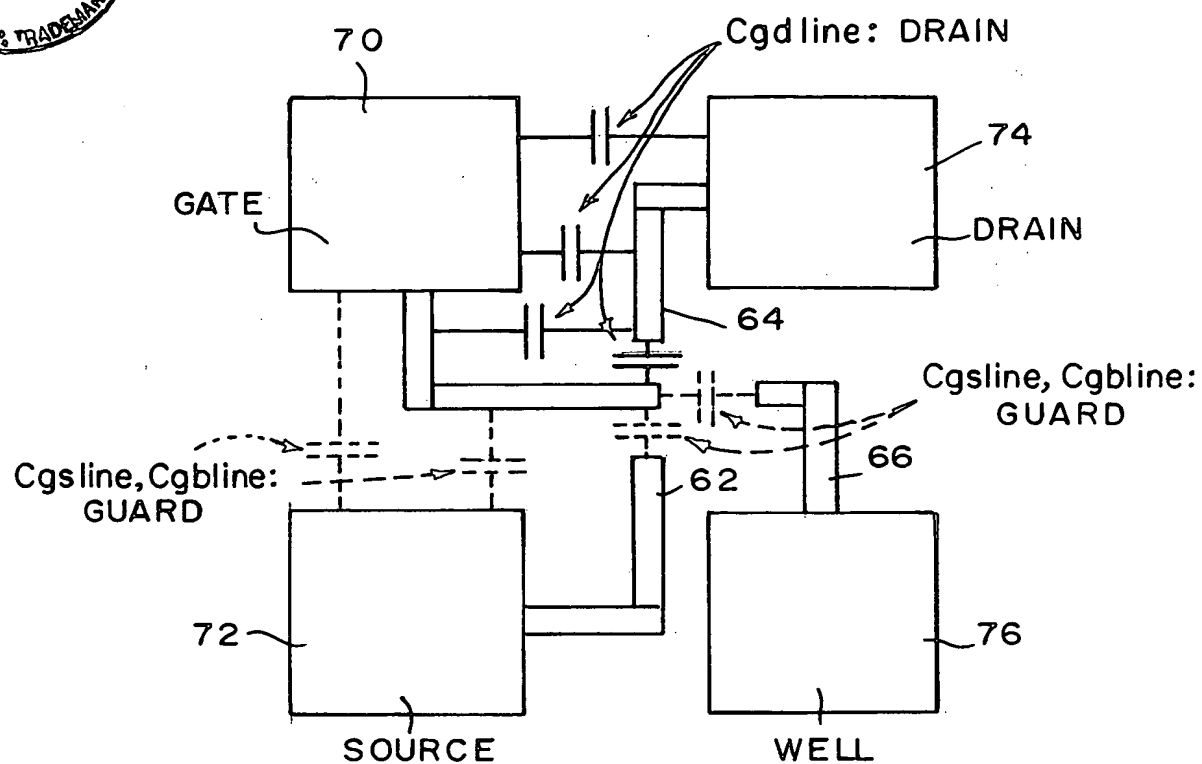

FIG. 2

A cross-sectional diagram of a well. A horizontal line, labeled 'LINE', is positioned above the well water level. The line is supported by a structure labeled 'PAD' on the left and a 'GATE' on the right. The gate is a vertical barrier that can be moved up and down. The well is labeled 'WELL' at the bottom. A dashed line indicates the 'Cgbline; WELL GUARD' level. The diagram is labeled with '70' at the top left, '71' at the top right, and '50' at the bottom right.
